Note: Autodesk is not responsible for errors or failures of Autodesk software arising from the installation of updates, extensions or new releases issued by third-party hardware or software vendors for the qualified software or hardware identified in this document (or for any other third party software or hardware that you may use in connection with Autodesk products).

Customer Involvement Program (CIP)
The first time you start 3ds Max 2013, the Customer Involvement Program dialog box appears. If you choose to participate in the Customer Involvement Program, 3ds Max 2013 will automatically send Autodesk information about your system configuration, what features you use most, any problems that

you encounter, and other information helpful to the future direction of the product. For further information, see http://www.autodesk.com/cip.

Customer Error Reports (CERs)

We are able to improve the stability of 3ds Max 2013 largely because of the Customer Error Reports (CERs) that users of our products submit. We thank you for taking the time to fill out these reports and ask that you include as much information as possible about what actions you were performing at the time the error occurred. These details raise the value of the report immensely and are very much appreciated by the Autodesk 3ds Max Engineering team.

- For further information about CERs refer to http://www.autodesk.com/cer
