

Autodesk Navisworks 2014 Service Pack 1

Thank you for downloading Autodesk Navisworks 2014 Service Pack 1

This readme contains the latest information about the installation and use of the service pack. It is strongly recommended that you read this entire document before you apply the service pack to your product. For reference, you should save this document to your hard drive or print a copy.

Autodesk Navisworks Service Pack 1 may prompt for the original source media. Once installed, Autodesk Navisworks 2014 Service Pack 1 cannot be uninstalled on its own. You must uninstall the complete product and then reinstall the original release of Autodesk Navisworks 2014 in order to revert to a non-Service Pack state.

Important Note

After installing Autodesk Navisworks 2014 Service Pack 1, you **must** ensure that other users who share your Navisworks 2014 NWF files **also install the same Service Pack**. Failure to do so may mean that your Selection Set data becomes corrupted. This applies to Navisworks 2014 only. Navisworks 2014 NWF files shared with Navisworks 2013 and Navisworks 2012 users are not affected

Installing the Service Pack

You have three options:

- a. [Install the service pack on an individual computer with Autodesk Navisworks 2014 products already installed](#)
- b. [Install the service pack on an individual computer at the same time as installing an Autodesk Navisworks 2014 product](#)
- c. [Install the service pack when creating an Autodesk Navisworks 2014 Deployment](#)

a. To install the service pack on an individual computer with Autodesk Navisworks 2014 products already installed

1. Download the service pack for the appropriate product and save it to any folder.
2. Find the folder where you saved it and double-click the appropriate file:

- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Freedom_32bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Freedom_64bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Simulate_32bit.msp

- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Simulate_64bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Manage_32bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Manage_64bit.msp

b. To install the service pack on an individual computer when installing an Autodesk Navisworks 2014 product

1. Download the service pack for the appropriate product and save it to any folder.
2. Install the product as detailed in the Autodesk Navisworks Installation Guide.
3. On the **Configure Installation** page, select the products to install.
2. Click the product name to open the configuration panel.
3. **Select Include Service Pack(s) from local drive of network.**
4. Click **Add**.
5. Find the folder where you saved the service pack and double-click the appropriate file:

- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Freedom_32bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Freedom_64bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Simulate_32bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Simulate_64bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Manage_32bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Manage_64bit.msp

6. Click the product name to close the configuration panel and continue with the standard product installation procedure. **NOTE** You can include service packs for as many products as required on the **Configure Installation** page.

c. To install the service pack when creating an Autodesk Navisworks 2014 Deployment

1. Download the service pack for the appropriate product and save it to any folder.
2. Create a deployment as detailed in the Autodesk Navisworks Installation Guide.
3. On the **Configure Installation** page, select the products to deploy.
4. Click the product name to open the configuration panel.
5. **Select Include Service Pack(s) from local drive of network.**
6. Click **Add**.
7. Find the folder where you saved the service pack and double-click the appropriate file:

- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Freedom_32bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Freedom_64bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Simulate_32bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Simulate_64bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Manage_32bit.msp
- Autodesk_Navisworks_2014_Service_Pack_1_Multilingual_Manage_64bit.msp

8. Select to Append or Merge the service pack(s).

- Append - the service pack can be uninstalled if required (recommended)
- Merge - the service pack cannot be uninstalled

9. Click the product name to close the configuration panel and continue with the standard product installation procedure. **NOTE** You can include service packs for as many products as required on the **Configure Installation** page.
