Autodesk Navisworks 2014 Readme

This Readme contains late-breaking information about Autodesk Navisworks 2014 that may not be included in the online documentation or in Help. For new and updated information about all Autodesk® products, visit our website at <http://www.autodesk.com>.

Installing Autodesk Navisworks

If you have previously installed any beta version of Autodesk Navisworks 2014, you must completely uninstall these pre-release versions before installing the release version.

Customer Involvement Program

During the first week of Autodesk Navisworks 2014 use, a new window will appear to invite you to join the Customer Involvement Program (CIP). By joining, Autodesk Navisworks will send anonymous data to Autodesk related to the use of the application.

We strongly encourage you to participate in the program, and assure you there is no risk to your privacy. We hope you will help us improve our product through this effort.

What does CIP track?

- Number of minutes you are running the software.
- Number of sessions that end due to stability issues.
- Menu actions triggered.

- Import/export actions (including file extension used).
- Scene statistics after a load or import (number of objects, faces, vertices, and so on).
- Machine configuration (resolution, hard disks).
- Other Autodesk products installed.
- Plug-in (DLLS) installed with Autodesk Navisworks.

What does CIP not track?

- There is no way for CIP to track any information related to the user.
- There is also no way to track information outside of Autodesk products.

To turn the CIP on or off

- 1 Run Autodesk Navisworks.
- 2 On the InfoCenter toolbar, click the drop-down arrow to the right of the **Help** button .
- 3 Click **Customer Involvement Program**.
- 4 In the **Autodesk Customer Involvement Program** dialog box, select to start or stop participating.

- 5 Click OK.

Product Notes

Supported file formats and applications

For an up to date list of supported file formats and applications go to [Autodesk Navisworks Product Center](#).

Known Problems in Autodesk Navisworks 2014

For any known issues or support issues in Autodesk Navisworks 2014, visit Autodesk Navisworks Services and Support website at <http://autodesk.com/navisworks-support>.
