

AUTODESK CERTIFIED INSTRUCTOR PROGRAM

Smoke, Flame, Lustre

Objective

The Autodesk Certified Instructor Program attracts and prepares experienced candidates to meet the demand for highly qualified training resources for Autodesk, resellers, ATCs and selected schools. Candidates, who complete the program, prove competency in the following areas

- Features, Concepts, Workflow, Curriculum, Exercises, Presentation skills

Successful candidates are certified and listed on the Autodesk ME web pages

Benefits

- Official recognition of product and training skills
- Certificate "Autodesk Certified Instructor"
- Listing on autodesk.com validates ACI status
- Close relationship to Autodesk
- Access to curriculum, exercises, resources
- Special training events (Master Classes, Update Training)

Pre-requisites

- first and foremost, thorough knowledge of Autodesk products
- emphasis on work experience: 2 years+ work experience or equivalent teaching experience
- excellent communication skills
- training and teaching experience preferable

Training Path

- Standard product courses at ATC or Autodesk, or Train-the Trainer Program
- Updated to latest software version
- Online Instructor Workbook and Test
- Clearly understand the standards (modules and topics) outlined in the Instructor Guide
- Submit Application, Resume, Demo reel on CD/DVD or URL to: metrainers.program@autodesk.com

Certification Workshop

Demonstration of knowledge and teaching skills:

- presentation of two 1 hour lessons on assigned topics
- Presentation of 2 exercises

All final instructor certification by Autodesk Systems Training

Content Submission

For the evaluation, you will be asked to prepare sample lessons and exercises which follow and support the standards.

The lesson must:

- Introduce the topic clearly
- Identify the objectives for the lesson
- Effectively explain key concepts
- Contain exercises with concise and accurate procedures

Evaluation Criteria:

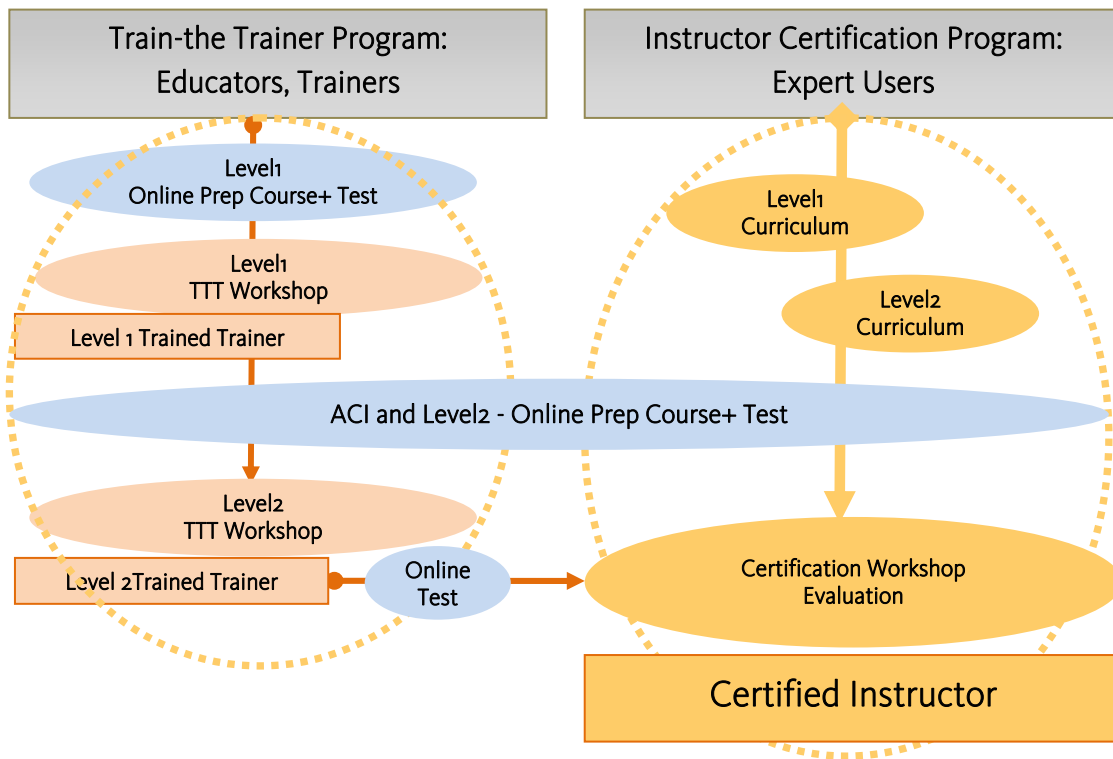

- Presentation, Content, Clarity, Concision, Technical Accuracy, Knowledge of Tools, Understanding of Audience

Annual Renewal of ACI Status

- Certified Instructors train through Autodesk or Autodesk Partners (Resellers/ATCs) or at selected schools
- Under NDA
- Base their training sessions on Autodesk Instructor Guides
- Maintain a customer evaluation rating of 85% - evaluation form
- Upgrade product knowledge to the newest version
- Annual renewal: submit 2 exercises per year; update course/ Test
