Issue Resolved by This Update

When closing AutoCAD Map 3D after invoking Raster Design a crash will occur upon exiting.

Installation Instructions

To install the AutoCAD raster Design Crash Hotfix

You must have administrative privileges on your Microsoft® Windows® operating system to complete the installation process.

NOTE: This installation process requires you to modify an installed product, which may cause Windows security warnings to appear. For all Windows security warnings that appear during installation, click Continue.

1. Close all software applications.
2. Navigate to the folder where your AutoCAD product is installed, for example, *C:\Program Files\Autodesk\AutoCAD Map 3D 2011*.
3. Right-click *AcMapGridLayer.dbx* and *AcMapRastEx71.arx* files. Select Properties.
4. Verify the file version.
 - o If the version number is less than 14.0.101.0, proceed with this installation.
 - o If the version number is equal to 14.0.101.0 or greater, then this hotfix has already been applied and you do not need to proceed with the installation.
5. In the folder specified in Step 2, right-click *AcMapGridLayer.dbx* and rename it *AcMapGridLayer.bak* and the *AcMapRastEx71.arx* to *AcMapRastEx71.bak*.
6. Download the appropriate 32bit or 64bit zip file and extract the *AcMapGridLayer.dbx* and *AcMapRastEx71.arx* files to a temporary folder, for example, *C:\Temp*.
7. Copy the *AcMapGridLayer.dbx* and *AcMapRastEx71.arx* files to the folder specified in Step 2.
8. Right-click the new *AcMapGridLayer.dbx* and *AcMapRastEx71.arx* files and select Properties. Confirm that this file is version 14.0.101.0.

NOTE: To remove this hotfix, delete the new *AcMapGridLayer.dbx* and *AcMapRastEx71.arx* files that you downloaded to the folder specified in Step 2 and restore the file you renamed in Step 5 to its original name.
