Product Readme

1

This Readme contains late-breaking information about Autodesk Navisworks Freedom 2013 that may not be included in the online documentation or in Help. For new and updated information about all Autodesk® products, visit our website at <http://www.autodesk.com>.

Installing Autodesk Navisworks

If you have previously installed any beta version of Autodesk Navisworks Freedom 2013, you must completely uninstall these pre-release versions.

Customer Involvement Program

During the first week of Autodesk Navisworks Freedom 2013 use, a new window will appear to invite you to join the Customer Involvement Program (CIP). By joining, Autodesk Navisworks will send anonymous data to Autodesk related to the use of the application.

We strongly encourage you to participate in the program, and assure you there is no risk to your privacy. We hope you will help us improve our product through this effort.

What does CIP track?

- Number of minutes you are running the software.
- Number of sessions that end due to stability issues.
- Menu actions triggered.
- Import/export actions (including file extension used).
- Scene statistics after a load or import (number of objects, faces, vertices, and so on).

- Machine configuration (resolution, hard disks).
- Other Autodesk products installed.
- Plug-in (DLLS) installed with Autodesk Navisworks.

What does CIP not track?

- There is no way for CIP to track any information related to the user.
- There is also no way to track information outside of Autodesk products.

Customer Involvement Program

To turn the CIP on or off

- 1 Run Autodesk Navisworks.
- 2 On the InfoCenter toolbar, click the drop-down arrow to the right of the **Help** button  .
- 3 Click **Customer Involvement Program**.
- 4 In the **Autodesk Customer Involvement Program** dialog box, select to start or stop participating.

5 Click OK.

Product Notes

Supported file formats and applications

For an up to date list of supported file formats and applications go to [Autodesk Navisworks Product Center](#).

Autodesk Navisworks Freedom 2013

A free viewer for Autodesk Navisworks NWD and Autodesk DWF files, Autodesk Navisworks Freedom 2013 is the answer for those without design software or specialist skills that want to explore a project model.

Autodesk Navisworks**Freedom** extends the whole-project view to all project stakeholders, helping to improve communication and collaboration. Multi-disciplinary models created in building information modeling (BIM), digital prototype (DP), and process plant design applications can be combined into a single integrated project model and published into the NWD format using Autodesk Navisworks**Manage** or Autodesk Navisworks**Simulate** software. The published file provides access to model hierarchy, object properties, and embedded review data, including viewpoints, animations, redlines, and comments.

Click here to [Install Freedom](#).

Known Problems in Autodesk Navisworks Freedom 2013

For any known issues or support issues in Autodesk Navisworks Freedom 2013, visit Autodesk Navisworks Services and Support website at <http://autodesk.com/navisworks-support>.
