

Autodesk® Inventor® Engineer-to-Order 2012

System Requirements

This document provides technical information and answers to some common questions about system requirements for effective use of the Autodesk® Inventor® Engineer-to-Order 2012 software.

Autodesk Inventor Engineer-to-Order Series

For General Part and Assembly Design (Typically Fewer than 1,000 Parts)

- Microsoft® Windows 7 (32-bit or 64-bit) Home Premium, Professional, Ultimate or Enterprise edition, or Microsoft® Windows Vista® (32-bit or 64-bit) Home Basic, Home Premium, Business, Enterprise, or Ultimate edition (SP2), or Microsoft® Windows XP Professional (SP3) or Professional x64 Edition (SP2)^(1,2)

NOTE: Microsoft Vista Hotfix KB971138 is required for installation on Vista operating systems. Please refer to <http://usa.autodesk.com/getdoc/id=TS16323149> for complete information and access to Microsoft Vista Hotfix KB971138

- Intel® Pentium® 4, 2 GHz or faster, Intel® Xeon®, Intel® Core™, AMD Athlon™ 64, or AMD Opteron™ processor, or later⁽³⁾
- 2 GB RAM or more⁽⁴⁾
- Microsoft® Direct3D 10® or Direct3D 9® capable graphics card⁽⁵⁾
- DVD-ROM drive⁽⁶⁾
- Microsoft® Mouse-compliant pointing device
- 1,280 x 1,024 or higher screen resolution
- Internet connection for web downloads and Subscription Aware access
- Adobe Flash Player 10⁽⁷⁾
- Microsoft® Internet Explorer® 6.x through 8
- Microsoft® Excel 2003 through 2010 for iFeatures, iParts, iAssemblies, thread customization, and spreadsheet-driven designs
- Microsoft .Net Framework 4.0

For Complex Models, Complex Mold Assemblies, and Large Assemblies

(Typically More than 1,000 Parts)

- Windows 7 64-bit, Windows Vista 64-bit (SP2), or Windows XP Professional x64 Edition (SP2)

NOTE: Microsoft Vista Hotfix KB971138 is required for installation on Vista operating systems. Please refer to <http://usa.autodesk.com/getdoc/id=TS16323149> for complete information and access to Microsoft Vista Hotfix KB971138.

- AMD64 or Intel® 64 processor
- 8 GB RAM or more
- CAD workstation-class graphics card
- Microsoft .Net Framework 4.0

Autodesk Inventor Engineer to Order Server

- 64 bit support only
- For 10 concurrent users, 8 CPUs and 12 GB RAM is highly recommended. For fewer concurrent users, lower configurations are fine.

The preceding requirements are recommended for effective use of Autodesk Inventor Engineer-to-Order 2012 software. For further details, please refer to the Readme document installed with Autodesk Inventor Engineer-to-Order 2012.

Notes:

- (1) Autodesk® Inventor® 2012 software application is provided both as 32-bit applications and as 64-bit applications for installation and use on the corresponding operating system only. Autodesk® Vault Explorer 2012 is a 32-bit application for installation and use on either a 32-bit or 64-bit operating system.
- (2) Autodesk Inventor design application and Autodesk Vault must all be the same language on a given computer. English versions of these applications will run on any language operating system. Other language versions of these applications will run on operating systems of that same language.
- (3) Autodesk Inventor 2012 has been optimized to take advantage of the SSE2 extended instruction sets supported on Pentium 4, AMD Athlon 64, and AMD Opteron processors. Inventor 2012 will not install on computers that do not support SSE2. Several utilities are available on the Internet that report CPUID, including supported instructions sets.
- (4) Recommended minimum RAM for using Inventor Tooling is 3 GB. In addition, Autodesk recommends settings which allow Microsoft Windows to manage virtual memory, as needed. You should always have at least twice as much free hard disk space as system memory (RAM).
- (5) Please refer to the Autodesk published graphics card information.
- (6) Inventor 2012 is available only on DVD media (or electronic download in some situations). CD media is no longer available. A DVD-ROM drive is not required if installing via electronic download. However, you will need 15 GB of hard disk space to accommodate the installation files and temporary files created during the installation.
- (7) The multimedia learning components of the Inventor Help system, such as the UI Video Tour, Command Reference, and Show Me animations, require Adobe® Flash® Player 10. If it is not already installed, you can download it from the [Adobe website](#).
