2. GRANT

2.1 Support and Maintenance Grant

Autodesk grants you Support and Maintenance for the Term for each Software Program for which you have purchased Support and Maintenance as listed on your Support and Maintenance order confirmations. Your use of Extensions, Releases and Ancillary Products shall be governed by the terms of the Autodesk Software License included with them, or in the absence of an Autodesk Software License, by the Autodesk Software License to which the Extension, Release or Ancillary Product relates. You may not distribute, rent, loan, sell, sublicense or otherwise transfer or market any Software Program, Extension, Release, Ancillary Product or Ancillary Services to any other person without Autodesk's prior written consent. If you wish to purchase Support and Maintenance for any Software Program licensed to you as part of a network version, then you must purchase a Support and Maintenance for each license incorporated in that network version. To purchase a Support and Maintenance, you must be registered with Autodesk as the holder of a copy of the most current version of the Software Program which you wish to place under Support and Maintenance.

2.2 Support Grant

2.2.1 If Support is included or made available as part of your Support and Maintenance, Support may be provided to you via Web Support. If Web Support is offered and available in your region, the terms set forth in Exhibit A may apply if Autodesk is providing the Web Support and such Web Support may be offered either directly to you by Autodesk or indirectly by a Reseller.

2.2.2 If your Support and Maintenance is to be provided by Autodesk, Support for Software Programs, and Extensions and Releases related to those Software Programs (referred to collectively as "Software Program") shall be provided to you by Autodesk via your User only. Provision of Support by Autodesk shall be governed exclusively by these Terms and Conditions. Provision of Support by a Reseller shall be governed by terms and conditions entered into between you and the Reseller. You may not transfer or market, or provide support to third parties using Support without the prior written consent of Autodesk.

2.2.3 Autodesk Support shall only be provided for: (a) the most current Release of a Software Program; (b) any Extensions to that Release; and (c) the two (2) immediately preceding Releases of that Software Program. If you are located in Brazil, for purposes of Brazilian Software Law, the Technical Validity Term of a Software Program shall be the term between the date of release of the then-current version of such Software Program and 6 (six) months after the date Autodesk makes the most current release of that Software Program commercially available.

2.2.4 Autodesk is not obliged to provide Support requested as a result of: (a) operation of the computer on which Software is installed in environmental conditions outside those prescribed by the computer manufacturer; (b) operation of the Software with a version of the operating system software other than that specified by Autodesk; (c) failure to maintain the computer on which Software is installed or used in accordance with standards prescribed by the computer manufacturer; (d) failure to ensure that your personnel and staff are fully trained in the use and operation of Software; (e) Software serviced, maintained or modified by anyone other than Autodesk; or (f) your computer hardware failing to meet the minimum specification prescribed by Autodesk for use with the Software.

2.2.5 You must: (a) ensure that your User submits Support requests in accordance with these terms and conditions; (b) at all times maintain Support and Maintenance for the licenses for the Software Programs for which you are requesting Support; (c) ensure that you or your Users provide Autodesk with such information, specifications, or other information as may

reasonably be required by Autodesk to provide Support; (d) utilize the instructions and troubleshooting procedures provided by Autodesk, where applicable, prior to initiating a request for Support; (e) follow the problem determination, problem analysis, and service request procedures that Autodesk provides; (f) promptly install all maintenance releases or upgrades supplied by Autodesk; (g) promptly install all product patches, fixes, update releases or upgrades supplied by Autodesk; (h) if judged necessary by Autodesk, allow reasonable access to your Software Program by Autodesk; (i) agree to back up all data on or prior to the provision of Support and to provide adequate security for your system; (j) use best efforts to allow Autodesk access to your systems via the Internet when requested by Autodesk as part of any remote diagnostic service that may be offered; and (k) provide Software Program Users with ready access to the latest available documentation on the use and operation of Software Program provided by Autodesk.

2.2.6 You acknowledge and agree that Support is provided solely for your internal use to support your use of the Software Program licenses covered under Support and Maintenance. Any information which is individually addressed, requires a password to access, or is otherwise restricted is made available in strict confidence and on the condition that it will not be communicated to third parties in any manner without the express written consent of Autodesk and that no use will be made of this information except in connection with your use of the Software Program licenses covered under Support and Maintenance. You further acknowledge and agree that the Software Programs form part of your total unique hardware and software environment to deliver specific functionality, and the Support may not achieve the results you desire within your design constraints.

2.3 Ancillary Services

2.3.1 Autodesk may provide Ancillary Services to you subject to and in accordance with these terms and conditions and any supplementary terms and conditions and customer obligations applicable to each type of Ancillary Service, which applicable supplementary terms and conditions and customer obligations must be accepted by you prior to accessing and using those Ancillary Services. Unless and until you accept the supplemental terms and conditions applicable to a particular Ancillary Service, you agree that Autodesk is under no obligation to provide such Ancillary Service to you.

2.3.2 AUTODESK DOES NOT GUARANTEE THAT IT WILL MAKE AVAILABLE, AND YOU ACKNOWLEDGE THAT YOU MAY NOT RECEIVE, ANY EXTENSION, RELEASE, ANCILLARY PRODUCT, ANCILLARY SERVICE OR SUPPORT DURING THE TERM OF YOUR SUPPORT AND MAINTENANCE.

2.3.3 In the event Autodesk in connection with the Software Program licensed to you hereunder provides you additional software that supplements or extends the Software Program, that additional software shall be subject to the terms and conditions of this Agreement unless otherwise specified at the time of delivery.

2.4 Use of Previous Versions

2.4.1 Notwithstanding anything contained in the Autodesk Software License Software Programs under Support and Maintenance or any Release or Extension provided to you, for the Term of your Support and Maintenance, including any Renewal Terms, you may install and continue to use on your computer (or on your network if you have a Network, multi-seat standalone or similar multi-user license authorized specifically by Autodesk) prior versions of the Software Programs that you have licensed, provided that you have a valid license to use such prior versions and, if applicable, those prior versions validly remain in your possession ("Previous Versions") and provided, further that the following conditions are met: (i) use of the Previous Versions shall be subject to the provisions of the applicable Autodesk Software

License, as modified by this Section 2.4; (ii) subject to subsection 2.4.5 below and unless otherwise specifically agreed in writing by Autodesk, the number of Previous Version licenses that you may use and install shall not exceed the total number of Previous Version licenses of the Software Program that you originally licensed and have under Support and Maintenance; (iii) if you have a standalone version, the Software Program and all the Previous Versions of such Software Program shall be installed on the same computer; (iv) if you have a standalone version neither the Software Program nor any of the Previous Versions of the Software Program shall be used concurrently; (v) if you have a standalone version, the Previous Versions or any permitted copies thereof, are not transferred to another computer unless all permitted copies of the Software Program are also transferred to the same computer; and (vi) you are hereby acknowledging and agreeing that Autodesk does not have any obligation to provide support for the Previous Versions other than as set forth herein and any such obligations may be ended at any time. Notwithstanding anything in this Section 2.4.1 that may be construed to the contrary or the issuance of any authorization codes by Autodesk, unless specifically permitted by Autodesk in writing, in no event shall your use of the Software Program, including Prior Versions, exceed the maximum number of licenses of the Software Program licensed to you and under Support and Maintenance.

2.4.2 Autodesk shall have the right to conduct an audit on your premises or by electronic means (with reasonable notice) to ensure that your use of all/any versions of the Software Program complies with the provisions of this Agreement. In the event any audit discloses a breach of this Agreement, Autodesk reserves the right to terminate this Agreement and/or recover damages, attorney's fees, and costs, including the cost of the audit.

2.4.3 If this Software Program is labeled or referred to as a CROSSGRADE, the provisions of the preceding two subsections (2.4.1 and 2.4.2) shall not apply, and you must destroy all copies of the Previous Versions, including any copies resident on your hard disk drive, and upon request by Autodesk return any documentation to Autodesk or your Reseller within sixty (60) days of acquiring the Software Program. Autodesk reserves the right to require you to show satisfactory proof that the Previous Version has been destroyed and/or to conduct the audit set forth in Section 2.4.2 above.

2.4.4 In the event Autodesk in connection with the Software Program licensed to you hereunder provides you additional software that supplements or extends the Software Program, that additional software shall be subject to the terms and conditions of this Agreement unless otherwise specified at the time of delivery.

2.4.5 For the avoidance of doubt, nothing herein requires Autodesk to supply you with media containing Previous Versions of the Software Program or related documentation or to issue additional authorization codes or hardware or software locks. Moreover, Autodesk reserves the right to charge a transaction fee for the issuance or re-issuance of authorization codes, hardware locks or software locks, if Autodesk, in its discretion decides to provide such to you. Further, if the Previous Version of a Software Program has been retired or otherwise discontinued by Autodesk, you agree and acknowledge that i) in no event is Autodesk required to issue authorization codes or hardware or software locks to you or to provide you with any media or other deliverables to enable you to use or install such retired or discontinued Previous Versions; and ii) these Previous Version rights do not allow you to use or install additional licenses (i.e. more than you held or originally validly licensed) of any Previous Version of a Software Program that has been retired or otherwise discontinued by Autodesk.

3. PURCHASES; RENEWALS

3.1 Purchases. When you purchase Support and Maintenance, Autodesk will provide you with instructions on how to access Autodesk Support and Maintenance information and Support on the Customer Portal.

Unless otherwise agreed by Autodesk, if you do not purchase renewal for your Support and Maintenance prior to expiration of the Term, your Support and Maintenance will automatically expire. If you do not renew prior to expiration of your Support and Maintenance, this Agreement shall no longer apply and if you wish to reinstate your expired Support and Maintenance, then you will be required to agree to the then-current Support and Maintenance terms and conditions, and you will be required to purchase at least both the then-current Release and Support and Maintenance for that Release and/or you may be subject to the payment of additional or other fees and expenses.

6. TERM AND TERMINATION
