Get noticed. Create quick, polished drawings you can share.

Download Project Cooper, built by the makers of AutoCAD[®] software. It's snappy, simple, hassle-free sketching software that lets you create polished drawings, layouts, and plans that you can share—faster than ever.

Get Started Quickly

It's exceptionally easy to use Project Cooper. Download it in a flash from Autodesk.com and start sketching right way—without any training. Project Cooper contains only the tools you need to draw quickly, all in one place.

Clearly Present Ideas

Use Project Cooper to deliver highly polished drawings to clients, architects, contractors, and other project partners—it's better than a hand sketch any day. Share your drawings with nearly anyone because Project Cooper produces files in the world's most widely used design format: DWG[™].

Leave No Room for Error

Ideal for quick design work, Project Cooper lets you take shortcuts without sacrificing quality. Draw accurate, detailed plans and layouts to scale, getting live feedback as you sketch so you can boost precision.

Don't Start from Scratch

When you use Project Cooper, you don't have to reinvent the wheel. Simply modify one of Project Cooper's sample drawings and use pre-drawn, commonly used symbols—such as doors and windows—to save time.

Built for Specialty Contractors

If AutoCAD is more than you need, consider Project Cooper. It's ideal for:

- Interior designers
- Landscapers
- Furniture, fixture, and equipment providers
- Ceiling contractors
- Drywall contractors

Why Recommend Project Cooper?

Ask your colleagues and partners to use Project Cooper so you can understand their ideas—in your favorite format, DWG.
