Istruzioni di aggiornamento:

1. Chiudere il server Web di MapGuide 2010 (IIS o Apache).
2. Creare una copia di backup dei file di AJAX Viewer disponibili nella cartella .../www/mapviewerXXX (net/java/php).
3. Copiare i file nella sottocartella mapviewerXXX del file zip e sostituirli ai file nella cartella mapviewerXXX.
4. Riavviare il server Web di MapGuide 2010.
5. Eseguire l'anteprima di un layout Web di base e verificare che il sistema funzioni correttamente.
