

# Autodesk® Inventor LT 2011

## System Requirements

### Operating Systems <sup>(1,2)</sup>

- Windows® 7 (32-bit, 64-bit) Enterprise, Ultimate, Professional, Home Premium
- Windows Vista® (32-bit, 64-bit) Enterprise, Ultimate, Business, Home Premium, Home Basic
- Windows XP Professional (SP3); Windows XP Professional x64 Edition (SP2)
- Intel® Pentium® 4 (2 GHz or faster), Intel® Xeon®, Intel® Core®, AMD Athlon® 64, or AMD Opteron® processor or later <sup>(3)</sup>
- 1 or more GB RAM <sup>(4)</sup>
- Microsoft® Direct3D® 9 or 10 capable graphics card <sup>(5)</sup>
- 1,280 x 1,024 or higher screen resolution
- Internet connection for web downloads and Subscription Aware access
- Microsoft® Internet Explorer® 6.x through 7.x
- Microsoft® Excel® 2003 through 2007 for iComponents, thread customization, and spreadsheet-driven designs
- DVD-ROM drive <sup>(6)</sup>
- Adobe Flash Player 10 <sup>(7)</sup>

### Notes:

- 1) Autodesk® Inventor LT™ 2010 software is provided both as 32-bit application and as 64-bit application for installation and use on the corresponding operating system only.
- 2) English versions of Inventor LT will run on any language operating system. Other language versions of Inventor LT will run on operating systems of that same language.
- 3) Autodesk Inventor LT 2010 is optimized to take advantage of the SSE2 extended instruction sets supported on Pentium 4, AMD Athlon 64 and AMD Opteron processors. Inventor LT 2010 will not install on computers that do not support SSE2, such as those with Pentium® III processors. Several utilities are available on the internet that report CPUID including supported instructions sets.
- 4) Autodesk recommends settings which allow Microsoft® Windows® to manage virtual memory as needed. There should always be at least twice as much free hard disk space as system memory (RAM).
- 5) Please refer to the [Autodesk published graphics card information](#).
- 6) Inventor LT 2011 is available only on DVD (or electronic download in some situations). DVD-ROM drive is not required if installing using software download methods.
- 7) The multimedia learning components of the Inventor LT Help system require Adobe Flash Player 10 be installed. If it is not already installed, you can download it from <http://www.adobe.com/products/flashplayer/>
