

# AUTODESK® SOFTIMAGE® 2010 SOFTWARE SYSTEM REQUIREMENTS

## Software

Autodesk® Softimage® 2010 software is supported on the following operating systems:

- Microsoft® Windows Vista® Business operating system, SP1 (Recommended operating system for 32-bit and 64-bit Windows)
- Microsoft® Windows® XP Professional operating system 32-bit, SP3
- Microsoft Windows XP Professional 64-bit, SP2
- Linux® 64-bit operating system; Fedora® Core 8 operating system (Recommended Linux Distribution)

## Hardware

To run Autodesk Softimage 2010 you will require a system with the following hardware configuration:

- Intel® Pentium® D (at a minimum)
- Dual Core Processor Workstation or higher (Intel or AMD® processors) (recommended)
- Qualified hardware-accelerated OpenGL® 1.5 (2.0 & higher recommended) professional graphics card with latest graphics driver available on the vendor's website
- DirectX® 9.0c application programming interface and higher (recommended for support of the advanced features of DirectX 9 and DirectX 10 application programming interface)
- 1 GB free hard drive space. Setup requires additional temporary disk space for your system's temporary folder when decompressing files during installation.
- TCP/IP service protocol installed on both client and server computers.
- 2 GB of RAM minimum and recommended for 32-bit operating systems
- 4 GB of RAM minimum for 64-bit operating systems. 8 GB of RAM recommended.
- 1280 x 1024 screen resolution recommended
- Three-button mouse
- A web browser to view any HTML documentation
- Microsoft® Internet Explorer® internet browser version 5.5 or later to use the Net View tool
- Network adaptor with internet connection for licensing (non-internet connected licensing is also supported)
- A DVD drive if installing the software or browsing the media from the Softimage.
