

AutoCAD 2011 for Mac Update 1 Readme

1

This Readme contains important information about AutoCAD® 2011 for Mac® Update 1.

It is strongly recommended that you read this entire document before you apply this update to your product. For reference, you should save this document to your hard drive or print a copy.

Primary Issues Resolved by This Update

This update resolves problems that have been reported by the Customer Error Reporting (CER) Utility and other general problems identified after AutoCAD 2011 for Mac shipped.

Problems Reported with the Customer Error Reporting Utility

As a result of detailed information from customers who used the Customer Error Reporting (CER) Utility, a number of problems were identified and fixed. Updates have been made to the following features:

- 2D Display
- 3D Selection
- File Navigation
- General UI
- Graphic System
- Hatch
- Install

- Layers
- Open/Save
- Properties Inspector
- Quick View Tools
- Start-up

General Updates

General changes and improvements have been made to the following features:

Hatch

- AutoCAD for Mac is no longer unstable when deleting certain hatch objects.

Memory Use

- Some memory leaks have been fixed to improve memory consumption.

Palette & Toolbar Icons

- Palette and toolbar icons should always be displayed.

Plot

- PDF output quality has been improved.

Start-up

- On systems that do not meet the minimum system requirements, a message is displayed when AutoCAD for Mac is launched.
- Splash screen should always disappear.

Text Style

- Xref-dependent text styles can no longer be set current.

Installation Instructions

To install this update, do the following:

- 1 Close AutoCAD for Mac and all open applications before you begin to install the update.

- 2 Double-click the *AutoCAD2011forMacUpdate1.dmg* file to mount the volume.
- 3 Double-click *AutoCAD2011forMacUpdate1.mpkg* in the new mounted volume to run the installer.
- 4 Follow the on-screen instructions.
- 5 Launch AutoCAD for Mac after the installation has completed.

Uninstall This Update

This update replaces files from the original installation of AutoCAD for Mac and cannot be uninstalled separately.

To uninstall this update, do the following:

- 1 Close AutoCAD for Mac.
- 2 In Finder, navigate to Applications ► Autodesk ► AutoCAD 2011 and double-click Remove AutoCAD.
- 3 Follow the on-screen instructions.
- 4 Reinstall AutoCAD for Mac from the original product media or download.
